

Hallelujah for Today – Stuart Overington

Come everybody now
Leave behind your fears
We don't know the future
But we know what is here
Through trials and troubles
We have found a way
So no matter what's to come
Let's celebrate today

'Cause the road keeps going
And my heart keeps growing
So there's no need to worry about tomorrow
Just sing Hallelujah for today

Hallelujah, Hallelujah, Hallelujah
Just sing Hallelujah for today
