

# JOINING IN SONG

BY OLLIE LAMBERT

Snowfall and stockings, the fire burning bright  
Carolers sing filled with cheer  
Cold nights and cocoa, the decorative lights  
We know the most wonderful time of the year.

*Joining in song we'll light the way,  
Making merriment on this Christmas Day.*

Snowflakes are dancing like stars in the sky,  
Children play out in the cold.  
Laughter and echoes of sleigh bells nearby,  
We listen to stories of Christmas retold.

*Joining in song we'll light the way,  
Making merriment on this Christmas Day.*

Softly the whispers of peace fill the air,  
Candles emit their warm glow  
Trees dressed in baubles, hide gifts that we share  
And love blossoms under the mistletoe

*Joining in song we'll light the way,  
Making merriment on this Christmas Day.*

Voices are lifted in songs old and new,  
Echoing joy far and wide.  
Gathered together, our spirits renew,  
United we share in the warmth of Yuletide

*Joining in song we'll light the way,  
Making merriment on this Christmas Day.*
