

Let There Be Love

By Stuart Overington

Verse 1

When there is pain, let there be pain.
When there is sorrow, let there be sorrow.
When there is anger and frustration,
Let it have its time.
But when it's done, when it is over,
Let there be love.

Chorus

Let there be love. Let there be love.
Let there be love. Let there be love.
When the pain is over, let there be love.

Verse 2

When there is pain, oh let there be pain.
When there is sorrow, let there be sorrow.
When there is anger and frustration,
Let it have its time.
But when it's done, when it is over,
Let there be love.

Chorus (Key Change)

Let there be love. Let there be love.
Let there be love. Let there be love.
Oh, let there be love.
When the pain is over, let there be love.
Oh, let there be love.

Chorus (Key Change)

Let there be love. Let there be love.
Oh, let there be love.
When the pain is over, let there be love.

Outro (Slowly)

When the heartache's over, let there be love.
When the hurt is over, let there be love.
When the hurt is over, let there be love.
